Dear Delegates, Faculty Advisors, and MUN enthusiasts,

On behalf of the Sam Nunn School of International Affairs and the Georgia Tech Model UN Program, it is my pleasure to invite you to TechMUN 2020, Georgia Tech’s official collegiate conference. This year’s conference is scheduled to be held on February 28th to March 1st, 2020.

Now in our third year, TechMUN provides schools the chance to participate in both General Assembly and Crisis committees and welcomes all levels of MUN experience. We aim to make our committees accessible for beginner delegates, while still creating a competitive yet fun environment for those more experienced. Our use of technology instead of paper keeps logistics in the background, allowing delegates to focus on debate and have more control over the pace of committee. By running as a paperless conference, we are able to be environmentally conscious and charge lower delegate fees. Located in the heart of Midtown Atlanta, TechMUN is sure to be an exciting conference for all attending.

We encourage all teams to add TechMUN to their list of conferences for the Spring, and we hope to see your delegates in February! Detailed information about committee topics, use of technology, and more will soon be available on this website. If you have any questions, feel free to contact us at techmun@gtmun.gatech.edu.

Sincerely,

Emma Flynn

Crisis Committees

Inter-Agency Crisis

As the threat of anarcho-terrorism strikes the United States, a federal task force has been created with the intention of rooting out the threat and ensuring the safety and security of the nation. A radical anti-technology organization has turned violent and is carrying out attacks on key technological infrastructure throughout the United States. As a member of the task force you will be asked to cooperate with colleagues from several different law enforcement and intelligence agencies, as well as civilian experts, balancing advancing your own professional and personal interests with accomplishing the overarching goal of neutralizing the threat.

Inter-War Crisis – the Weimar Republic

Coming out of a disastrous war, and crippled by the internal issues of corruption, distrust and rising tensions between radically different ideologies, inter-war period Weimar Republic needs the strong leadership and vision of the political party leaders of the government to ensure the stability and prosperity of the German Empire. Take on the role of a member of one of the political parties of Germany at the time, and work with the other political parties to keep Germany stable, while growing your party’s own power in the government, and your own power in your political party. Treachery, politics and cunning strategy will yield victory!

TechMUN Policies

Respect
Delegates must show respect to others at all times. This means that all delegates should respect staff members, fellow delegates, faculty advisors, guests of the conference, Georgia Tech faculty, and anyone else present at the TechMUN Conference. Delegates are responsible for the manner in which they treat others during the entire conference. Any delegate in violation will be issued a warning and, if they continue such behavior, will be disqualified and asked to leave the conference.

Diplomacy
Delegates are expected to behave in a diplomatic and professional manner during committee. TechMUN staff defines diplomatic behavior as maintaining positive and professional relations between delegates. Delegates are expected to remain in character assigned to them to the extent that it does not. Delegates may not bully other delegates, blatantly attempt to sabotage other delegates, or pressure other delegates to sign papers or vote in a certain manner. Any delegate in violation will be issued a warning and if the behavior continues, the delegate will be disqualified and asked to leave the conference. Any orchestrated attempts by one delegation to explicitly discredit another delegation will result in the delegation disqualification.

Scoring Expectations
Delegates will be scored on their speeches, involvement, diplomacy, and their writing. At the conclusion of the conference, Best Delegate, Outstanding Delegate, and Honourable Delegate will be awarded for each committee. There will also be Best Delegation, Outstanding Delegation, and Honourable Delegation awarded for Crisis and for General Assembly.

Plagiarism and Cheating
Cheating and plagiarism will not be tolerated. Delegates who plagiarize a substantive portion of their position paper will be disqualified. Any instances of plagiarism will be immediately reported to the appropriate advisor. Delegates may not use pre-written resolution or clauses in any working paper. Pre-written resolutions or clauses are defined as language written before the official start of TechMUN. Delegates who use pre-written resolutions, clauses, or Directives will be disqualified.

Name Badges
Delegates must wear their name badges always without exception. If a delegate is found without their name badge, they will be warned and asked to don their badge. Delegates found without name badges again may be asked to leave the conference.
Dress Code
The dress for TechMUN is Western business attire. All delegates at TechMUN are expected to be dressed appropriately. Men, at minimum, must wear slacks and a collared shirt. Blazer and slacks or a business suit are also acceptable. Tuxedos are not appropriate. Women may wear slacks or a skirt with a blouse, a dress, or a business suit. Formal dresses are not appropriate. All clothing should be appropriate length for a business setting. Jeans, shorts, athletic shoes, sandals, or t-shirts are not acceptable under any circumstances. If a delegate is not appropriately dressed, they will be asked to leave the conference.

Technology Usage
This conference integrates the use of technology into committee. Technology, including computers, cell phones, tablets, and other devices, is allowed during the conference, except during the opening and closing ceremonies and voting procedure. All devices should be used for the sole purpose of collaborating with other delegates, including sending notes, writing working papers or Directives, or other functions which satisfy this objective. Use of technology should not distract other delegates from committee. Delegates using technology in a manner disallowed above shall be issued a warning. If a delegate continues to use technology in violation of policy, the delegate may be disqualified and asked to leave the conference.

Sexual Harassment
Sexual harassment, or unwelcome sexual advances, requests for sexual favors, or other verbal or physical harassment of a sexual nature, will not be tolerated at this conference. TechMUN maintains a zero-tolerance policy on such activity. Accusations of sexual harassment will be handled by the Secretary General. If the Secretary General determines that the accused delegate has engaged in such behavior, the delegate will be asked to leave the conference.

Accommodations
TechMUN is fully committed to ensuring all delegates are able to participate fully in committee. Those who require accommodations should have their Head Delegate give notice to the Secretary General prior to the conference so they may make the appropriate arrangements.

Consequences
The Secretary General shall determine on all failures to adhere to the policies prescribed above. Consequences shall be rendered at the discretion of the Secretary General.

Voting

Rule XXXVII.
Majority Required
Unless specified elsewhere in these Rules, procedural decisions of the Committee shall be made by a simple majority of the Members in attendance of the Committee. Substantive decisions of the Committee shall be made by a majority of the Members in attendance that cast an affirmative or negative vote with all abstentions disregarded from the majority calculation.
Rule XXXVIII.

Meaning of the Phrase “Present and Voting”

For the purpose of these Rules, the phrase “Members present and voting” shall mean the Members casting an affirmative or negative vote. All members must cast an affirmative or negative vote on all procedural Motions. However, on substantive Motions, Members may abstain from voting, provided they are not recorded on the roll as “present and voting.” Members who abstain from voting are not considered as voting.

Rule XXXIX.

Method of Voting

Committees shall normally vote by a show of placards, but any Member may request a roll call vote on any item of substantive consideration. The roll call vote shall be taken in the English alphabetical order of the Names of the Members. The name of each Member shall be called in any roll call and one of its Representatives shall reply “yes”, “no”, “abstain”, or “pass”. The Results of Voting shall be listed in the record in the English alphabetical of the Names of the Members. Only one pass is allowed per Delegation per Vote, and any Member wishing to pass relinquishes their Right to abstain from the Vote. Any Member may also request to adopt any item of substantive consideration by acclamation. Such Motions shall not be debated upon but shall be put to a Vote, requiring no opposition to Vote. However, a Motion for a roll call vote during Voting Procedure shall take precedence over a Motion to adopt by acclamation.

Rule XL.

Conduct During Voting

After the Director has announced the beginning of Voting, no Representative shall interrupt the Voting except to a Point of Order in connection with the actual process of Voting. The Director may permit Members to explain their vote, either before or after the Voting if a request has been submitted, by Slack™ direct message, before the commencement of Voting Procedure. The Director may limit the time to be allowed for such explanations. The Director shall not permit any Sponsor of a Proposal or Amendment to explain his or her Vote on his or her own Proposal or Amendment. Explanations shall be permitted only if a Member has voted in a manner contrary to what was made apparent during Debate.

Rule XLI.

Voting on Draft Resolutions and Committee Directives

If two or more Draft Resolutions or Committee Directives are related to the same Topic, the Committee shall vote on the Proposals in the order in which they have been submitted.
Rule XLII.

Voting on Amendments

When an Amendment is moved to a Draft Resolution, the Amendment shall be voted upon first. When two or more Amendments are moved to a Draft Resolution, the Committee shall vote on the Amendments in the order they are received. If one or more Amendments are adopted, the amended Draft Resolution shall then be voted upon. A Motion is considered an Amendment if it adds to, deletes from, or revises part of the Draft Resolution without having the full support of all Sponsors of the Draft Resolution.

Rule XLIII.

Division of Draft Resolutions and Amendments

Immediately before a Draft Resolution comes to a Vote, a Representative may move that Sections of a Draft Resolution or Amendment be voted on separately. The Motion for Division shall be voted upon, requiring the support of a majority of the Members present and voting to pass. Permission to speak on the Motion for Division shall be given only to two Speakers in favor and two Speakers against. The Director may limit the time allowed for these Speeches. At the completion of these Speeches, the Committee shall move to an immediate Vote. If the Motion for Division is carried, each section of the Draft Resolution or Amendment that has been divided shall be substantively voted on separately. If a majority of the Members present vote in favor of the divided Sections of the Draft Resolution or Amendment, the Sections are returned to the Draft Resolution or Amendment as an annex. If a majority of the Members present vote against the divided Section of the Draft Resolution or Amendment, the Section will be considered rejected by the Committee. If all operative Sections of the Draft Resolution or Amendment have been rejected, the entire Draft Resolution or Amendment shall be considered rejected.
TechMUN is pleased to introduce the use of Slack™ into the Model United Nations conference. It will be used extensively for most committee functions. You will find directions to help you accomplish common committee functions on Slack™ below.

Notes to Fellow Delegates, the Crisis Room, and your Chair

To send a note to your fellow delegates to discuss language in your working paper or to the Chair to request to be added to the Speakers Lists. These can be accomplished through Direct Messages. On the sidebar of Slack™, locate Direct Messages, select the plus icon, and type a message to your desired recipient. You may also send Group Direct Messages to communicate with multiple delegates at once. Please do not send Group Direct Messages to the Chair or to the Crisis Room unless you are sending a Joint Personal Directive described below.

Continuing your Crisis Arc

If you are in a crisis committee, you will be executing a series of carefully planned crisis arcs, each note building on the next. To begin an arc, send a note to the Crisis Room as described in the previous section above. To send a new note which builds upon a note previously submitted, hover your mouse over the original message select the message box if using a computer or tap on the original message and type in “Start a thread” or “Add a reply” if using a mobile device.

Joint Personal Directives

When collaborating with other delegates in crisis to achieve an objective, you may send a joint personal Directive to the Crisis Room. Work with your fellow delegates on the Joint Personal Directive. When you are ready to send it to the Crisis Room, send the Joint Personal Directive as a Word Document (.doc or .docx) in a Group Direct Message to the signatory delegates and the Crisis Room.

Working Papers and Directives (Google Docs/submit .docx)

TechMUN advises delegates to work together on working papers and Directives through Google Docs™. It is assumed you already have a Google™ account and are familiar with Google Drive™ products. To share your Google Doc™ within Slack™, create a Direct Message or Group Direct Message to the intended recipient delegate(s), select the plus icon if on a computer or the attachments icon if on mobile, add the working paper or Directive document, and send. Now other delegates will be able to access this collaborative document and work on it with you. When you are ready to submit the working paper to your chair, send it to them as a Microsoft
